# LAZARUS-DAY 2015

A report by Oliver Gruber-Lavin

---

**The LAZARUS UNION celebrated the Lazarus day 2015 in the Vienna International Centre, seat of the United Nations in Vienna. Next to New York (UNHQ), Geneva (UNOG) and Nairobi (UNON), Vienna International Centre with its United Nations Office at Vienna (UNOV) is one of four official seats of the United Nations. UNOV was put into operations as third location of the UN 1st January 1980.**

Every July 29<sup>th</sup>, the LAZARUS UNION celebrates the "International Lazarus Day", as this day is the holiday of St. Lazarus according to Roman Catholic, Anglican, and Protestant rite and the Union has committed itself to his ideals.

In 2015 there are yet two more anniversaries to celebrate. Next to its 5<sup>th</sup> year in its current form there is also the first anniversary of the special consultative NGO status at the United Nations Economic and Social Council (ECOSOC). This in practice means that the LAZARUS UNION has new forms of participation on the international stage. Either official meetings of sub-organisations like the UN Human Rights Council or international conferences and events – the Union can not only participate but also actively take part in international debates or decision finding processes in the form of written or oral contributions. Having consultative status also allows for the possibility of having own events in UN buildings. Because of this the LAZARUS UNION decided to celebrate its commemorative day 2015 in the VIC.

To the interested guests and visitors from the LAZARUS UNION as well as to the UN employees of the various organisations with a seat in Vienna a vivid programme mixture of information and entertainment was presented. Central issue of the event was the presentation of a donation and an award to the *United Nations High Commissioner for Refugees* (UNHCR).

The celebration was commenced by the LAZARUS UNION Music Corps with the Lazarus March. After some more music LAZARUS UNION Secretary General Oliver M. Gruber-Lavin welcomed the audience and presented the agenda. Union president Senator h.c. Wolfgang Steinhardt presented to an interested audience a video from a "LAZARUS UNION Handicapped Air Day" as an example of the specific work of the union, which has in its focus to help and provide some joy to fellow human beings.

The Secretary General and his deputy, Dipl.-Ing. Herbert Paulis, in two presentations explained the basic values, the philosophy, and the history of the Union.

Doubtlessly the summit of the event was the handing over of a donation cheque and the Grand Cross of the UN-NGO Cross of Remembrance to the director of the Austrian office of the UN High Commissioner for Refugees, Dr. Christoph Pinter, by the union president.

On the occasion of being awarded the ECOSOC special consultative status the union donated the award UN-NGO Cross of Remembrance. The net profit from this award (2,500 € last year) is now adequately donated to the UNHCR for its work on a yearly Basis.

In his laudation the union president emphasised: "*... the pleasure and the honour to celebrate with you here the world-wide "Lazarus Day". The name "Lazarus" is a synonym for mercy, charity, and humanity. Also the names "Lazarett" (which is German for a military hospital) and "Lazarite" date back to St. Lazarus and were mentioned first in the context of a leper hospital outside Jerusalem in 344 AD.*" Regarding the relation between the union and the UN Senator h.c. Steinhardt

explained: " *Having been awarded the "special consultative status" has a great importance for us as LAZARUS UNION and is also considered a special honour. An honour we want to prove worthy of. So we have donated a special award for ALL people who want to assist us in supporting the spirit of the United Nations. " He finished with the union motto as a challenge to all of us: "Everybody can do something. Let us together provide new perspectives. "*

Subsequently the donation and the award were handed over.

Dr. Christoph Pinter emphasised in his acceptance speech the special importance of every single donation, especially in the context of today's dramatic refugee situation. He gave an overview on the actual situation and the work of the UNHCR with its new daily challenges world-wide. In Austria – like in other Western European countries – the focus of the UNHCR activities is on the legal protection of people seeking asylum and

accepted refugees. Dr. Pinter also gave a report on his visit in the refugee admission camp Traiskirchen and the dramatic situation in the camp.

The LAZARUS UNION Music Corps directed by Fritz Lentner provided for relaxation and entertainment during the programme, also very much appreciated by bypassing UN employees. The music also provided for an atmospheric conclusion of the celebration. After the end of the event we had a nice guided tour through the VIC for our guests .

In the name of the LAZARUS UNION we also want to express our deepest thanks to all employees of the VIC, especially to Mr. Nyron Sequeira (Representation and Protocol Assistant) and his team as well as all the security staff for their friendly assistance as all these people made our event possible in the first place.

# 10 YEARS LAZARUS UNION

A report by Spectator

**The ceremony was initiated by the Band of the Union playing the “LAZARUS UNION March” followed by a welcoming address from the Secretary-General.**

In his speech, Secretary General Oliver Gruber-Lavin welcomed all the comrades and friends of the LAZARUS UNION present. Given the dramatic events at the Austro-Hungarian border, as well as in Hungary, he recalled the ideals of the LAZARUS UNION: *“The main principles of the CSLI are tolerance, humility, compassion and charity. We are open to all people, regardless of nationality, ethnicity, religion, age, social status or origin. We are true to our motto: Everybody can do something. – Let us create new perspectives.”* Finally, he addressed a few words in English to the international guests and wished all those present a great afternoon and evening.

The President of the Lazarus Union, Senator h.c. Wolfgang Steinhardt, then *“took command”*. In the first part of the event new members were accepted, promotions carried out and special awards presented. The *“master of ceremonies”* of the Union, CSLI Colonel and Envoy, Rudi Murth, was awarded the Grand Silver Star of the Lazarus Union, and Helene and Andreas Kneidinger Menhardt with the Peace Cross, Officer level.

This was followed by the song “Give My Love to My Vienna” from the Operetta

“Countess Maritza” by Emmerich Kalman, sung by CSLI Captain Michael Wagner. The numerous musicians of the Band of the Union provided an excellent accompaniment.

CSLI Major General Bernd Cave, Commander of the CSLI Corps SOF “Sword of Freedom”, and CSLI Colonel Danny Koch, SOF Commander for Germany, new UN delegates of the Union at the United Nations in Geneva then received the UN Delegate Medal from the hand of the President.

Between performances by the Band of the Union more awards were made to deserving comrades and friends of the Union.

A special highlight was the award of the Grand Star of the LAZARUS UNION to the Vice President and Adjutant General of the LAZARUS UNION, Christoph Ptak.

At the conclusion of the ceremony the Vice-President and Union Commander handed over to CSLI General Roberto Ortiz, CSLI Commander in Latin America and Brazil, to present international awards to members of the Lazarus Union.

The ceremony ended with “Parade-Defiliermarsch” by Ambrosch followed by “the LAZARUS UNION March”.

# 10<sup>TH</sup> INVESTITURE OF THE KNIGHTHOOD OF HONOUR

A report by Spectator

---

**The investiture of the Knighthood of Honour was originally planned to be held at Kreuzenstein Castle but because of bad weather had also to take place at the Gruner Hof. In only one hour the organisation had to move the complete investiture from the castle to the Gruner Hof. A big thank you to all comrades who performed this logistic masterpiece.**

Prelude was the ceremonial move-in of the banners of the corps, the banners of friendly organisations, the flags, the postulants, the Knights of Honour, the sword-bearer and the chapter of the Knighthood of Honour, and together with the Grand Master, the new Grand Protector of the Knighthood of Honour BM a.D. Dr. Fasslabend, all accompanied by the sound of the crusader's fanfare.

After the report by the Honour Commander of the Honour Guard CSLI Colonel Franz Graf to the president the ceremony commenced with the Austrian national anthem.

Protocol officer and the president's Aide de Camp Rudolf Murth, who led through the complete evening, welcomed the guests. There were many international guests, e.g. from Brazil, Canada, the United Kingdom, Germany, Malta, Spain, and Lithuania. Also numerous representatives of friendly organisations and of the veteran's association with their banner delegations were present.

A first summit was the handing over of the CSLI Turkey banner to the ambassador for Turkey, CSLINC RAdm Ludwig Brunner, to the sound of the Turkish national anthem.

Afterwards all union officers present traditionally renewed their officer's promise, framed by bugle signals from the "Großer Zapfenstreich" and the Dutch "We Gather Together".

The room was shaded and accompanied by drum roll everyone remembered the de-

ceased comrades. The music played the song "I had a Comrade".

This was followed by the blessing of the insignia by Parson Mag. Marek Ferenc.

Opened by the march "Oh, du mein Österreich" now the president addressed the audience.

Grand Master Senator h.c. Steinhardt emphasised his pleasure to have won Dr. Fasslabend for the office of the Grand Protector and addressed him with the plea to watch the LAZARUS UNION and to weigh in whenever necessary.

The actual begin of the investiture ceremony was the ceremonial inauguration of the new Grand Protector of the Knighthood of Honour, BM a.D. Dr. Werner Fasslabend.

In front of the assembled Knights of Honour, postulants, and all present he vowed by his honour:

- *to protect and foster the Lazarus Union and its Knighthood of Honour as Grand Protector.*
- *I will not allow that harm is done to the Lazarus Union and its Knighthood of Honour, neither from the inside nor from the outside!*

and took the insignia of his new dignity: the coat, the chain of office and the staff of office.

The new Grand Protector Dr. Fasslabend, also a founding member of the LAZARUS UNION and until now highest-ranking Collar Knight of Honour, mentioned in his address the honour and duty he connects with this office and promised to be always at the disposition of the LAZARUS UNION.

The "Lazarus Union March" was the link to the next summit of the investiture.

The ambassador for Turkey CSLINC RAdm Ludwig Brunner was appointed Grand Prefect of the Knighthood of Honour for Turkey, to be able to act in future in his operational area by proxy of the Grand Master.

Ambassador Brunner also vowed his oath of office as Grand Prefect for the operational area Turkey:

- *To promote and represent the LAZARUS UNION and its Knighthood of Honour in all conscience.*
- *I vow loyalty towards the chapter and the Grand Master as I am called and elected as his direct representative in my operational area.*
- *I will not allow that harm is done to the Lazarus Union and its Knighthood of Honour, neither from the inside nor from the outside!*
- *This I promise in front of all of you by my honour, and in humbleness I accept the chain of office as visible sign of my office and my position.*

Then he received the insignia of his new office from the Grand Master.

After these two exceptional acts the actual investiture followed, the appointment of eight postulants to Knights resp. Dames of Honour of the LAZARUS UNION.

Each postulant was called individually and the Grand Master asked the postulant the following questions:

“I ask you therefore, before the assembled congregation: Do you of your own free will as ... .. (here the rank and position to which the candidate is to be commissioned is used) want to belong to our community and accept our mission?” and “Are you

aware what it means to be a member of this community?”

After answering with “I want it with all my heart!” and “Yes, I am!” the candidates received the insignia of their new dignity: the sword from Grand Marshal Chev. Ewald Angetter, the mantle from Grand Knight and member of the board Col. ret. Adolf H. Neidhart. The Grand Protector Dr. Fasslabend the put the Knight’s Cross around their neck (handed to him by the Grand Master). After this the Grand Master presented the new knight resp. dame to the audience while the fanfare was sounded.

The ceremony came to an end with the “Gebet aus dem österreichischen Zapfenstreich” followed by the prayer of the Grand Master (Saint Francis Prayer) together with the parson of Leobendorf Mag. Marek Ferenc.

The farewell address by the protocol officer and the Grand Master finally closed the ceremony. Manuela Murth and Reinhard Kittenberger set a musical end to the investiture with the “Farewell Song”.

After the music piece “The last Post” the commander of the Guard of Honour reported the closure of the ceremony to the Grand Protector who commanded decampment. On the marching-out the banners of the various delegations received a beautiful remembrance pennant out of the hands of Mrs. Martina Fasslabend and Mrs. Brigitte Brunner.

Our special thanks once again go to the “knights” from Prima Nocte, Milites Sancti Imperii and Armani Domini who acted once more as our standard bearers.

## A DAY IN VIENNA

A report by Hans-Rudolf Gries

**Friday, September 4<sup>th</sup>, a visiting tour for our international friends was scheduled. President Senator h.c. Wolfgang Steinhardt picked up the guests at 9 o'clock in the morning at the Parkhotel Schönbrunn and together they used the underground to come to the starting point of the tour at the Vienna Opera House. Oliver, Christoph, and I met them there to act as personal assistants.**

After the initial hellos we took the "Hop on Hop off" bus to ride along the Ringstraße with its magnificent buildings.

After we returned to the opera a little walk to the Schwedenplatz was scheduled. It is not easy to keep a group of 14 people together among all those masses of tourists in Vienna along the Kärntnerstrasse and the Stephansplatz. At the shipping pier additional support was provided by Prof. Hans König and Ludwig Brunner who looked impressive in his captain's uniform and was a much sought-after photo model for young and old.

With the excursion boat "Vindobona" we went downstream along the Donaukanal until the Freudenu locks and then back on the river Danube, passing Vienna's

Buddhist temple, the "Marina Vienna" and back to the Reichsbrücke where we left the ship again.

With the underground we returned to the Stephansplatz and visited St. Stephen's Cathedral. Led by Prof. Hans König and provided with experienced explanations many sights could be admired. As the surprise of the day our guests were invited to a coach tour and made a short round trip through beautiful Vienna. Back again at the opera we mounted our own cars and drove to Castle Kreuzenstein, our titular seat. There a castle tour was scheduled where the old kitchen, armoury, great hall, trophy room, and bedroom could be visited.

Now everyone was exhausted and we sat down in the castle tavern to enjoy various "medieval" specialities and engaged in small talk.

Then the landlord had a rare and exceptional surprise for us. A young four-month old gyrfalcon was presented to us, the animal saw so many people for the first time. Slightly nervous he endured the presentation finally. A fantastic and wonderful animal.

Now the day was over and we returned our tired guests to their hotel back in Vienna.

During the drive back home, Ludwig even had four ladies in his car, everybody sang along with Fats Domino, By My Gust, Elvis Presley and Bill Haley with Choo Choo Ch` Boogie. In my car there was a really good mood.

The day finally ended with a good-humoured nightcap at the hotel bar.

## 3RD WORLD ORCHESTRA FESTIVAL VIENNA 2015

A report by Lazarus Union

**The 3rd annual *World Orchestra Festival* took place in July 2015. This event was initiated by well-known professors of the University of Music and Performing Arts Vienna in cooperation with the Vienna Philharmonic Orchestra.**

Young musicians from around the world are invited to attend a one-week workshop in and around Vienna. Over the course of the week, there are lectures on diverse musical genres, rehearsals and concerts.

For the most part, the concerts were held in either Haydn Hall in Eisenstadt, in the new Music Theater or “MuTh” of the Vienna Boys’ Choir, or the Festival Hall at Vienna City Hall. More than 350 young musicians participated in the events.

The grand finale was held in the Golden Hall of the Vienna Music Association and was opened by the Third Viennese Parliamentary President Marianne Klicka.

The organizers wanted to open the final concert with an Austrian orchestra, so choir director Friedrich Lentner was called upon. Of course, he heeded the call without hesitation because there just aren’t many chances in life to perform in the Grand Golden Hall of the Music Association.

As a result, the Music Corps of the Lazarus Union played the opening. Our first piece of music was Franz Schubert’s *Marche militaire*. The second piece was the famous *A soldier stands on the bank of the Volga* from the operetta *The Tsarevich* by Franz Lehár.

The tenor Michael Wagner, who is a dedicated member of the Music Corps and has performed for years with our choir director, received ecstatic applause for his excellent and touching performance.

The feedback from the organizers, numerous professors and concert managers was extremely positive and a testimonial to the hard work of our Music Corps.

## MOBI – THE ADVENTURE-DAY

A report by Bernd Höhle

---

**At “MOBI – the adventure day” in Flensburg, among other displays was one on “Self-defence for people with disabilities / wheelchair users”. In presenting this, Organizer Charles Grant cooperated with the “The Sword of Freedom”, CSLI, MAA-I and the SOK.**

Actively supporting this event were The Sword of Freedom, CSLI and Martial Arts Association – International represented by Bernd Cave MjrGen CSLI and Commander SOF, Colonel CSLI Danny Koch, Babak Saviz, and Karsten Förster.

The gymnastic skills course, devised and performed by the sports students from the University of Flensburg, provided a buzz of activity during the event. The audience also observed with great interest the martial arts and self-defence for people with handicaps / wheelchairs demonstrated by the boxers of DGF Flensburg, the Capoeira Flensburg, the members of SOK Kampfkunstschule and the team led by Babak Philip Saviz with Holger Liedtke, Karsten Förster, Stefan Schmaltz and Bernd Cave’s tem. Many of the different exercises were not only performed, but practised by the audience, because that’s the motto of the MOBI day courses – “Getting involved was explicitly allowed “:-).

The go-kart track in front of the hall, with vehicles from Kartbahn Schleswig (Germany / Schleswig-Holstein), “Hadn’t been used so much in any of the preceding 4 years,” according to Heiko Jürgensen. In all, 198 trips were carried out. “There was less than 5 minutes break and our drivers had to alternate smoothly, there was such a rush this year,” said the team from RSC North.

The wheelchair parcours, supervised by the staff and students of the Handewitt Occupational Therapists School, also attracted keen interest, and the bull-riding machine from “Hoppla The Event Outfitter in Satrup” threw off a total of 285 riders.

The Wheel of Fortune, the “hot wire”, the face painting and the climbing tower operated by the DAV Flensburg, the highest in Germany at 8.50 m, also drew large audiences. The unusual recumbent bikes from the manufacturer “Hase” were marvelled at and extensively test driven, and the curling demonstrations by SV Adelby in front of the main entrance of the hall made viewers curious to know more about this relatively unknown sport discipline.

The Bequa Flensburg team hosted visitors, as every year, with cakes, ice cream, popcorn, coffee, cold drinks, etc., while in the outdoor area grilled sausages, crepes, smoothies and other treats were available.

The information stands in the gallery of the sports hall were the focal point for those interested in sports and health products but on the hour they had to speak a little louder there because then Tom Miller Elvis Tribute Artist, Kay Christiansen, Anna Sophie and Julian Taylor from Eckernförde, Samuel – 2nd place in “The Voice Kids” 2015 – and local hero Mike Kazmaier and his band gave us their best songs. The stage and musical performances this year were from PMN Events – excellently managed by the Ulf Dupke Event Production Team!

At the Floriansdorf KiEZ Frauensee booth, younger visitors and other guests were warned about the dangers of fire and told about the work of the Fire Brigade.

Political guests on site were:

State Secretary Rolf Fischer, Ministry of Social Affairs, Health, Science and Equality, Inge Krämer, Deputy City President of Flensburg and Simone Lange, a Member of the Schleswig-Holstein Parliament / Member of Parliament for Flensburg.

Our special thanks go also to the volunteer team from Health Media g.e.V., all supporters from the patron city of Flensburg, the

Flensburg professional Fire Brigade, the Red Cross and all other helpers, especially our tireless Benny Schatz Wieckhorst and Gesi Maus Hansen – with us for the 5th time this

year. Without these this event, now grown to be the largest combination of sports, action and music in Schleswig-Holstein, would not be possible.

## FIRST AID FOR KIDS • MEDICAL TRAINING SCHOOL SCHULZ

A report by Bernd Höhle

The SOF section Köthen under the command of Staff Commander-SOF and Major-CSLI Raymond Schulz of the Medical Training School Schulz directs a special training project addressing first aid for children, and with great success indeed!

CSLI MajGen Bernd Höhle, commander SOF and Danny Koch supported this project actively.

## DONATION TO THE FLORIANSDORF IM KIEZ

A report by Bernd Höhle

**The Sword of Freedom – Corps represented by CSLI Maj Gen Bernd Höhle and Danny Koch donated a fully equipped dinghy and a diving-suit to the children’s fire station in Floriansdorf im Kiez Frauensee (which is near Berlin, Germany).**

Such sort of equipment is important for rescue services. In the Floriansdorf children and youths can learn about the importance of fire for humans and the technical development, in the fire brigade school for kids they can

train correct and safe handling with fire.

The house of dangers shall help children to develop an awareness for all sorts of dangers. Prevention and safety is an elementary issue of the work of the Sword of Freedom – Corps.

## PASTOR BABU GEORGE RETURNS TO INDIA WITH DONATION AND ASSISTANT

A report by Bernd Höhle

For many years pastor Babu George, who was born in Kerala, India, visits once a year the Hessen community Schaafheim for four weeks during summer to act as a holiday replacement for the local pastor. Over time, many friendships sprung out of this – among others also with the Institute for Health and so with the SOF/ CSLI-comrades Dr. Thomas Draxler and Markus Sell.

### Schools, hospitals, and houses of prayer for the poorest of the poor

During his visits to Germany Babu always reports in detail on his work in the Indian slums and the numerous projects for the poorest of the poor, always showing detailed video and photographic material. In past years he built a school, a hospital, and a church for the Roman Catholic parish Pandirimamidigudem, financed from donations together with local workers. He takes care that the children are educated and by training provides women the chance to earn money as needlewomen. In 2014 after his

successful work pastor Babu George was transferred to Jalipudi, where he is responsible for 21 mission stations. There he faces big challenges as they are missing practically everything and he has to start over again.

### Active support by foreign trainee

This year, during his leave-taking at the end of his replacement period Dr. Thomas Draxler and Markus Sell presented him a cheque over 1000 Euro to support his missionary work in India. Many citizens of Schaafheimer had given him also private donations the past weeks, so Babu need not go back to Jalipudi empty-handed.

He receives additional support from Dr. Draxlers' daughter Anna, who will come along with parson Babu to India to assist him there for two months. Anna, aged 18, decided to make some good use of the time before her studies commence next year and begins this with her trip to India to actively help there and so collect valuable experiences for her life.

### 10 Euro save a child

10 Euro per month is all it needs to provide an orphan with a roof over its head, education, and food in Jalipudi. The Institute for Health supports this work with pleasure and calls all persons who want to help to take over sponsorship with pastor Babu George thereby supporting his Indian project. Information can be found at

## FAST HELP HAS A NAME: SOF/CSLI

A report by Bernd Höhle

**With a VW “Bulli” loaded full of hygiene articles, including 100s of bottles of shower gel and shampoo, a 100 toothbrushes and tubes of toothpaste, nappies, soap, towels and linens, and with lots of toys and other social goods, we went to the Saxony Bitterfeld shelter which is currently housing Syrian refugees.**

Major General CSLI Bernd Höhle, SOF Commander, and Corporal CSLI Verona Henning

gave the welfare goods to the Head of Shelter Staff, SOF Commander and Major CSLI, Raymond Schulz. He and his team are volunteers for the Catering and Entertainment

programme at this facility. The team also includes an Interpreter to bridge the language barrier.

Commander Höhle and Mrs Henning support this local team in its best efforts. The District Administrator himself, Uwe Schulze, took this opportunity to come to the shelter and thank the assistants for their active support.

# SOF & MAA AKTION “MARTIAL ARTISTS – WITHOUT BORDER”

AT A SCHOOL IN THE SLUMS OF RAJASTHAN/INDIA

A report by Bernd Höhle

**“Martial Artists – Without Borders” is a part of the “Martial Artists with a Heart” initiative of SOF & the Martial Arts Association – International in cooperation with The Children’s Fund.**

These visits to schools and homes in poor areas (in Nepal, Africa, the Philippines and India so far) give an insight into martial arts through demonstrations. Martial Arts is, in addition to the joy of sport, also an excellent character developer, it forms, inter alia, discipline, respect, tolerance and self-confidence thus motivating self-help. In summary, it is therefore about joy, sport & character training.

In addition, we try to create the opportunity to establish permanent martial arts on site in the institution. In this too we succeeded in this School.

At first glance the building does not seem to be a High School & Junior College and the school uniforms conceal something – the school children/pupils come from very poor circumstances. We were able to visit a teacher and a student and were very shocked at the poor conditions in which they lived with their families.

At the school we were ceremonially received by the Executive Board to a drum and timpani accompaniment. Hundreds of pupils in ranks were drawn up for our arrival. All waited anxiously, quiet as mice, until Bernd Höhle, Head of Delegation, raised his hands in the customary greeting pose and saluted all present with “Namaste” which unlocked the pupils’ throats to chorus the greeting back.

The Vice Director, Janardan Mhatre, greeted us with flowers. He sincerely thanked us for our visit. Then there was a welcome serenade by a group of young pupils. The Deputy Director introduced the MAA as an association and the project “Martial Artists – Without Borders” in a lengthy speech. Then Bernd Höhle spoke and handed the Director a certificate of thanks for promoting this Project.

Afterwards martial arts demonstrations were given accompanied by much cheering, applause and beaming faces from students and teachers. The whole demonstration was done once in the morning for the younger pupils and again in the afternoon for the older students. It was a great experience to see and feel the joy and excitement that gripped them. We were able to agree to a request from the Director that a representative of the MAA will give regular martial arts training for local school master Manoj Kumar Gautam. This was followed by a tour of the classrooms and presentation of guest Gifts.

## 2ND CSLA FIRERFIGHTERDAY FOR DISABLED PEOPLE

A SUCCESFULL EVENT WITH SATISFIED GUESTS

A report by Martha Fichtl

**For the second year running, the CSLA Fire Station Day for Disabled Children took place. Those in charge of the Auxiliary Fire Brigade of Großweikersdorf made their fire station available to us, were very cooperative and liaised extensively with our vice-president Werner Winkelhofer who organized everything in advance. Some auxiliary fire brigade members helped, too.**

Residents of the Houses of St. Martin from Klosterneuburg and Caritas in Hollabrunn and their caregivers were invited. We were delighted that this year some parents also attended. It was especially an honour to have our Union President Senator h.c. Wolfgang Steinhardt present at the event.

Everyone arrived at 9 clock on time. It was already pretty hot in the morning and our guests were thirsty upon arrival. Some kids still remembered the layout of the fire station and dashed off to the canteen straight-away asking: "Is there anything to eat and drink?" No worries, we were well prepared (with lots of home-baked goods). So the biggest thirst was quenched and every hungry stomach full.

Kutzendörfer and Dworak GmbH from Vienna provided a cap to each of the guests

which led to quite a rush but made everyone extremely happy.

We also all received loom band bracelets **from the disabled children** that one of the children had made herself.

Our president of the CSLA, Dr. Oswin Hochstöger, greeted our guests with a few words of welcome and then the fire trucks were rolled out of the garage. The cheers were loud and everyone immediately wanted to hop onto the huge fire trucks.

In a convoy we drove to the church yard where a fire hose and bucket had been set up to be knocked down with water. The young ladies of the auxiliary fire brigade, Melanie and Lisa, happily and diligently replaced the bucket again and again.

Another attraction was "Ferdl", a sand-filled doll, which is normally used for training purposes. Poor "Ferdl" was trapped under a car wreck. The children had to fill the lifting bags with compressed air to prop up the wreck slightly. Although the doll had the weight of a grown man, the children were determined to pull "Ferdl" out from under the car. The children were overjoyed when they accomplished this feat. It is really amazing how much strength a person can muster to save someone, even when it's just a doll. The children completed this task this mostly under their own power, which confirms that there is a desire within us all to help others.

After rolling up the high-pressure fire hoses it was time to take our seats and drive back to the fire station, where sausages were ready for the new arrivals. Coffee and cake

for dessert had also been prepared and the buffet was soon empty.

In order to entertain our guests who had finished eating, the stirrup pump made a reappearance this year. The children happily took to the pump and they pumped and injected with great enthusiasm. Refilling had to happen fast, so the caregivers used the water hose this year instead of a water bucket.

One activity is obviously not enough for so many curious young people. For this reason a fire truck crane was set up, too. Our guests were allowed to climb into the basket and get a look at the area high above the church steeple. The wine region has a special charm at this time of year, where many fields already been harvested, but the forests are still green. This made the views particularly spectacular.

**A special attraction were llamas thanks to Daniela Schretzmeier (DANimals) from Großweikersdorf.** Our guests approached the animals without any hesitation, hugged them and were allowed to walk them on a leash around the church square. One child, who was nonverbal, took the hand of a caregiver and put it on the back of a llama. This meant that the caregiver should pet the soft fur of the animal.

By 1 pm everyone got back onto the trucks and drove to Altenwörth on the Danube for "ship ahoy". The fire boat of the Auxiliary Fire Brigade of Altenwörth docked and the first guests boarded wearing life jackets. It was a bit cloudy compared to the morning and the weather had cooled which made the boat trip very enjoyable.

Afterwards, we had some refreshments to change things up again. We had just unpacked when a duck family with pups waddled by and was also joined by some swans and their younglings! They all received some cake. The only question that remained was: How are we ever going to get away from them? But the birds went back into the water when they realized all the food was gone.

Finally, the guests started to return home, but not without thanking all the helpers for the lovely day.

It was a successful day. Thanks to everyone who helped!

**We'd like to express our sincere thanks to the auxiliary fire brigades and the following companies who have supported us with their donations (and anonymous donors, too):**

**The Auxiliary Fire Brigade of Großweikersdorf; under the commander HBI Mihle and employees HBI Schragner, SB Püringer, PFM Mihle Melanie and Lisa Mihle who made this day even possible.**

**The Volunteer Fire Brigade of Altenwörth-Gigging** that provided the boat and skipper.

**Kutzendörfer and Dworak GmbH** for sponsoring the drinks on this hot summer day.

**DANimals - professional activities with the help of animals** - Owner Daniela Schretzmeier from Großweikersdorf.

The sausages wouldn't have been the same without the buns. Thank you so much **Bakery Burger from Großweikersdorf.**

## MY BIGGEST WISH:

„I WANT TO HEAR AGAIN!“

A report by Martin Weitgasser

**A while ago I met a young woman on the Internet called Annie Berago who lives in the Philippines. When chatting I noticed a second young lady passing in the background. This was her sister Mary-Rose and during our chat I learned that she is deaf. The reason for her deafness was that, as a child, another girl had stabbed her in her ears with a stick! I offered to visit them when I was in the Philippines to which Annie happily agreed.**

I did so, planning to stay two days during my trip in October 2014. It was an extremely enjoyable visit and the family – Annie, her husband and their two children, Mary-Rose and a third sister May-Ann – were all very kind and open-hearted. After the two days, on the way to the airport, we unfortunately got firmly stuck in traffic and I missed my plane! Fortunately, it was only a domestic flight... but I asked where the nearest shopping mall was so that we could get out of the traffic and re-gain our strength before we went back again, since the journey would now take more than two hours!

In the mall I discovered a business called the Hearing Aid Company and had Mary-Rose immediately ushered in so they could test her to see if anything could be done for the young woman. The family does not have much money though Mary-Rose helps a lot with the household and gives massages to local elderly ladies to provide a little extra income.

The Professional set earplugs in Mary-Rose's ears and, lo and behold, ...Mary-Rose could hear!!!! Tears ran down her sister's cheeks and Mary-Rose was beside herself with joy.

From this point, my mind was made up to help this unfortunate young woman. Though it might only cost a few hundred Euros, it wasn't likely that Mary-Rose could afford this amount given the circumstances of their lives. For me, though, it would be about a holiday bonus.

To my disappointment, I discovered that the prices for hearing aids of this type, because of Mary-Rose's special needs, are relatively expensive. In this case, approximately 800 Euros per piece = 1600 Euros for both ears! I rather expected it to be around 500 to 800 Euros. But, so be it ... my decision remained. "There has to be something that can be done!"

Back in Austria I went straight to the search for this equipment but I was in the same spot as before – prices were the same with us unless you get a grant from Health Insurance, which wouldn't apply in this case. Used equipment was also nowhere to be found until, at a smaller family dinner, the conversation turned to the hearing aids. My aunt then said: "Why didn't you say so, I have three spare hearing aids at home that we can send her!" I accepted this offer with hope and joy, picked up the devices and sent them to Mary-Rose.

Unfortunately, two of the hearing aids were not suitable. And with the one that worked she could only hear sounds faintly. To me that was, of course, too little. (If I want to have a TV, I'm not satisfied with a radio because it also plays sounds!)

So further research...

And then it occurred to me that my good friend Wolfgang Steinhardt also has a hearing aid, and I thought to myself, I'll just ask him. When you're dealing with things, you'll often find you know other people or businesses who also deal with them, and to ask costs nothing.

At the next meeting of the CSLI in the Museum of Military History at the Arsenal, I told him the story and asked for any help or assistance he could give in this matter.

Helpful as he is, he of course immediately agreed and asked me to send him an email with the story of this young woman, her audiogram and the proposed hearing aid model (Phonak Naida Q-30). He would then speak with his Audiologist at his next appointment.

But the next morning he called me and told me his amended plan... He was so taken with my email that he attached it to an email he sent to the management of Neuroth, a leading hearing aids company founded in 1907 in Vienna, requesting their help and proposing to advertise the help they gave on the homepage of the CSLI with over 60,000 hits per month. Here again my best thanks to you, Wolfgang.

A week later, another call from Wolfgang... the Neuroth company had responded to our email and wanted to help.

***Neuroth would provide two Phonak Naida Q-30 hearing aids (incl. Setup for all audio settings) free of charge!!!***

I was really stunned and could not believe it! That such companies still exist is hard to believe. I send my respect and best wishes, greetings and thanks to this family-owned Austrian company.

After getting this wonderful news I decided not to tell Mary-Rose anything about it because I wanted to surprise her on my next visit. This visit had already been planned.

Two weeks before the flight I met with Wolfgang Steinhardt and together we collected the hearing aids.

The business of taking advertising photos was kindly rejected by the company's management as they did not want to make the young lady public property. They were happy for us just to take the hearing aids with their good wishes (!)

To my surprise I found that the two devices were different to the devices we'd requested. In fact they were the Phonak Naida Q-90 type!!! I was pleasantly surprised and asked if this was right because the type Q30 had been promised. The technician murmured that he didn't know what the management had written but, as we had both devices worth several 1000 Euros, we should take them no questions asked. We also got a "TV Link" device that works with the television. The device transmits directly to another device which combines with the hearing aid or even a mobile phone.

In addition Wolfgang helped me get a year's supply of batteries.

In June 2015 I travelled to the Philippines. In my luggage were the two hearing aids, the TV Link and the batteries.

Annie picked me up at an agreed spot and we went to her home. When Mary-Rose saw me, her joy was of course huge. She hugged and pressed me... but they certainly did not know what I had with me...

...A little later, on the doorstep because the light is better than inside, I took the rich "gifts" from my bag and presented them to Mary-Rose.

She could not believe it, she clapped her hands and tears of joy and emotion ran down her cheeks, it was clear that she was thinking this was all a dream.

Speaking of a dream, I reminded her that in October last year I had asked her what was the greatest desire in her life, and that she

had replied: "My greatest wish is to be able to hear again!"

She hugged me and was beside herself with joy.

I can only say that you cannot put Mary-Rose's joy into words.

She wears the two hearing aids with such joy and pride that it can't be described linguistically.

I want to thank the Neuroth company again a thousand times for all their prompt and straightforward help. May their kindness be repaid a hundredfold. And of course my thanks Wolfgang Steinhardt and the CSLI for all their help.

For me it's not done yet... now Mary-Rose has to go to school to learn to talk.

For this, you need a special software program called LAMP!

<http://www.aacandautism.com/lamp> at a cost of 300 Euros, though this can, luckily, be divided over 5 students, so = 60 Euros each.

Actually, the program is only compatible with an Apple iPad which costs used: 160

Euros with school costs of about 120 Euros a month.

So the first month's cost is approximately 340 Euros. After that there are, luckily, then only the school fees.

I am also playing with the idea of inviting Mary-Rose (and if possible, also her sister Annie) to Austria next year. They can then thank the Neuroth company directly for its help and learn more about the work it does.

Perhaps the Lazarus Union might provide a simpler form for the invitation than is possible as a private individual!

I hope my report is descriptive enough and hope that I can continue to help people in need.

Hope, for us a small thing, can make the world all the more beautiful if we here in "rich" Europe/Austria can learn to appreciate the good and easy life that we have here. We mustn't simply accept it, throwing around phrases like "not me," and "not my problem".

**Thank you from me and especially from Mary-Rose and her family for your active support and assistance.**

## CHARITY NIGHT • MAGIC LIFE WATERWORLD IMPERIAL

A report by Ludwig Brunner

**ZICEV is a foundation for mentally handicapped children with the main goal of providing a job education for those children in Turkey; it enables those children and also adults to get an appropriate education, rehabilitation, and care. It cares**

**for provision of required equipment and an environment for long-term professional aid.**

It provides for good terms for support of homeless mentally handicapped humans.

At this event the mentally handicapped played drums, danced, and sang.

Chev. Ludwig Brunner was named "honour drummer" at short notice and accepted this honour by playing the drums.

By selling lots to the guests and members of the Lazarus Union Turkey a significant sum of money could be handed over to president Mrs. Berrak Deniz as a donation.

## MAGIC LIFE WATERWORLD IMPERIAL

Bericht von Ludwig Brunner

**At least one good deed every day is the motto of the LAZARUS UNION members.**

Ludwig Brunner, LAZARUS UNION ambassador in Turkey together with a life guard team from Magic Life Waterworld fulfilled the wish of a group of handicapped people to swim in the sea and the pool.

Floating tyres especially purchased for the occasion supported stimulating the motor function of the handicapped and so allowed them to enter the water.

Full support from the assistants. With great pleasure we could see how simple it is to

make handicapped people happy so easily. If one only wants to!

## ETERNAL FLAME (FLAMME DU SOUVENIR)

A report by Roberto Ortiz

**On the September 12, 2015, the Brazilian Command of CSLI – Lazarus Union International received an extraordinary invitation from the Civil Defense and Protection of France, and had the honor to participate in the ceremony of “Rekindling” of the flame in the Arc de Triomphe in Paris.**

Despite the deluge over Paris on the day, we did not discourage ourselves and we participate at the parade and at the ceremonial in a position of honor, placing a wreath next to the tomb of the Unknown Soldier.

On the same day, the ceremony was attended by members of the Fire Brigade of Paris,

the Souvenir Français, the Ambassador to Belarus, Russia’s Ambassador and the Commander of the 113th fighter aviation group of France. Despite the rain, the musical ambience was provided by the band of the Peace Guardians of France.

With the soul washed, and everything else absolutely soaked, the Lazarus Union was very well represented.

This event is a great landmark, and it proves the seriousness of our actions, the commitment to the next and the recognition of our efforts in an international level.

## A DONATION OF APPLE JUICE TO THE MARKTZEULN NURSERY

A report by Sven Dietel

**Recently, Founding Board Members of the Corps Saint Lazarus International, German Command, Sven Dietel, Hermann-Dietrich Streit, Katja Dietel and Youth Member Alexa Dietel, who had diligently collected apples, presented a donation of apple juice to the Nursery in Marktzeuln.**

Over 800 kg of apples were collected in local orchards. These were then pressed and processed into high-quality, local juice.

The Nursery in Marktzeuln happily now has over 400 litres of juice for the children to drink over the coming months. Sven Dietel particularly thanked the Marktzeuln Municipality and Mayor Gregor Friedlein-Zech for permission to harvest the apple trees in Horb am Main and Marktzeuln. This enabled

enough fruit to be collected for the delicious juice.

Sven Dietel, Commander of CSLI Germany, spoke about the good work of the Nursery in Marktzeuln saying how pleased he was that their relief organization could extend a helping hand to the Nursery.

He also briefly introduced CSLI Germany as an independent, private aid organization based on the ideals and spirit of Saint Lazarus. The members share the objective of giving pleasure to others through disaster relief, serving people with disabilities and helping the homeless. All members are volunteers.

He noted that the CSLI, which was founded in Austria, is now well-established in Germany with a large number of supporters.

## 50 YEARS OF THE FEDERAL CAMERADERIE “FIELD MARSHALL RADETZKY”

A report by Christoph Ptak

---

**Bright sunshine and late-summer temperatures greeted the over eight hundred participants at the commemoration to mark the 50th anniversary of the National Camaraderie for “Field Marshal Radetzky” at the Heldenberg Memorial where the crypt of Field Marshal Joseph Wenzel Graf Radetzky von Radetz can be found.**

Participants mustered on the festival grounds to the sounds of lively marching music performed by the Klosterneuburg city band, led by Colonel CSLI Franz Lentner, the deputy chief of our Lazarus Music Corps. Our General Music Supervisor, Brigadier General CSLI Friedrich Lentner, functioned as drum major. Also representing our honorary knighthood were dames Ernestine and Edith Lentner who served as vivandières.

Under the command of Franz Graf (also Colonel CSLI), more than 60 flag secondments marched past the monument accompanied by their comrades in colourful uniforms and costumes of their organizations and took their place behind the honoured guests.

After the founder and chairman of the Federal and Central Confederation, Councillor Colonel Alexander W. Ritter welcomed the dignitaries, General (ret.) Edmund Entacher gave a commemorative speech in regards to the unique importance of Field Marshal Josef Wenzel Graf Radetzky for Austria and his army. With more than 72 years on active duty as a soldier, he is considered the world’s “longest serving soldier”. Addressing the current situation surrounding asylum and immigration, he ostensibly criticized politicians for having failed especially in the area of defence and we will feel the conse-

quences of this policy for many years to come.

The open-air mass was lead by and Military Chaplain Dr Alexander M. Wessely. In his impressive sermon, the chaplain warned that it was not for us to judge, but rather to help “under the sign of the cross, such as the Red Cross. The cross is a symbol of self-sacrificing devotion”.

Afterwards, the tribute to the hero and wreath-laying ceremony took place in the crypt.

The ceremony ended with an impressive parade. Adorned with the jubilee flags bands, our Honour Guard with its two flags and the delegation of the Lazarus Union marched by the guests of honour who had taken their position on the steps.

Attendees who appeared in uniform of the Lazarus Union:

Wolfgang Steinhardt, Christoph Ptak, Josef Maria Gebel, Hannes Hochmuth, Hans König, Anita König, Fritz Lentner, Franz Lentner, Ernestine Lentner, Edith Lentner, Werner Winkelhofer, Martha Fichtl, Michaela Matzka, Erwin Matzka, Christopher Vlastic, Alexander Banhofer, Daniel Cšadek

Many of our members came in the uniforms of other organizations, there were probably around 40 comrades of the CSLI who participated in this successful commemorative event.

The CSLI warmly congratulates the organizers of this successful anniversary celebration.

## INTERNATIONAL LEADERSHIP ACADEMY

To standardise instruction for staff officers the “LAZARUS UNION Leadership Academy” was founded effect 1. December 2015. Task of this academy is to convey standardised “knowledge modules” regarding the LAZARUS UNION to officers and high-ranking NCOs.

Our biggest group member, the CSLI Brazil, with its “Academia São Lázaro de Estudos Cavaleirescos e Humanitários (ASLECH)” is an accredited full member of UNAI (United Nation Academic Impact) and we have therefore agreed that our leadership academy within the LAZARUS UNION acts here in Austria as a branch. While the Leadership Academy is an independent unit, but under the umbrella of the CSLI Brazil respective of its ASLECH. So we can avoid for ourselves a long-standing certification process.

These courses will in the first place be offered in Austria only. In the future a self-study course shall be offered with final exam (multiple choice test with 25 questions, 20 of which must be answered correctly to pass) and an exposition covering a given subject.

Of course participation in such seminars is voluntary (like everything in the LAZARUS UNION) but future staff officers (and knights of honour) shall consider this a privilege, not a duty.

In the first place about ten different modules shall be offered. At least 90% of the information and knowledge required for these modules can be found at our web site.

For the “staff officer’s course” THREE modules have to be selected at will. Once these have been passed, the subject for the “final exam” will be announced.

**Rudolf Murth CSLI Col. Rudolf Murth (LAZARUS UNION ambassador and member of the chapter) will be commander and director of the Academy.**

The first course (module 10) for Knights and Dames Expectant will be on 6. and 7. February 2016. Eligible comrades will be invited by name!

### *International Academy of Leadership*

In a decision taken today, the Academic Council of the *Academia São Lázaro de Estudos Cavaleirescos e Humanitários* (Saint Lazarus Academy of Chivalric and Humanitarian Studies), inner-entirety of *Order Saint Lazarus Brazil (CSLI Brazil)*, establish that the *International Academy of Leadership* is created as an Independent Unity of this Academic Corps, which will have its siege in Vienna – Austria.

The *International Academy of Leadership* has as purpose to standardize instruction for staff officers of the "LAZARUS UNION " and also to convey "knowledge modules" regarding the LAZARUS UNION to officers and high-ranking NCOs.

The director of the *International Leadership Academy* will be *Col. CSLI Rudolf Murth*, and the director of the Advisory Council will be *Univ.-Prof. Dr. Josef-Michael Schramm*, both International Corresponding Members of this Academy.
