GENERAL ASSEMBLY 2016

A report by Oliver Gruber-Lavin

On Saturday, March 12th, the Lazarus Union annual general assembly took place.

After playing the Lazarus Union march and a welcome address by Union commander Senator h.c. Wolfgang Steinhardt all present raised in memory of comrades passed, especially mentioned was comrade Horst Schöffmann (*founding and honourable member, member of the board as deputy treasurer, CSLI MajGen*). The tattoo was played in remembrance.

Then the quorum was assured and the agenda and the minutes from last year were approved.

The admittance of new members in 2015 (and the exclusion of one member) was approved unanimously.

The statutes were modified to grant those organisation parts and group members with large bodies of members more votes.

After the report from the treasurer and the auditors the formal discharge of the cashier and the board of management for the year 2015 were both accepted by the general as-

sembly and all were approved for a next term of office.

Several personal decisions followed regarding confirmation and dismissal of members of the board.

Then the union commander gave a report on the status of the Lazarus Union with the United Nations, the recent Germany tour of the music corps, investitures in 2016, and other activities like the CSLI participation at the Handicapped Air Day of the FSV 2000.

Another focus was set on the newly founded Lazarus Union leadership academy.

Finally three introduced proposals were voted upon and awards were presented to some friends and members of the union as well as members of the guard of honour.

Please find a detailed description of the reports and decisions in the minutes of the general assembly as well as in the Union Commander's annual report.

WORLD INTERFACE HARMONY WEEK 2016

A report by Spectator

The UN General Assembly declared the first week of February in 2010 as “World Interfaith Harmony Week”. Since then there have been thousands of events around the world by interreligious associations and other groups to demonstrate that the similarities between the various religions far outweigh the differences when it comes to living together peacefully.

For the second time, the LAZARUS UNION was invited by the Universal Peace Federation (UPF) to attend their annual conference and was represented by President Wolfgang Steinhart, Vice President Christoph Ptak, Ambassador of the Lazarus Union for Turkey Ludwig Brunner and Chief Auditor Josef-Maria Gebel.

This year’s UPF conference at the Vienna International Centre (VIC) took place under the slogan “Toward Peace and Reconciliation in Syria and the Middle East—The Role of Religions”.

With its many developmental programs, the United Nations supports countries in their

efforts to combat poverty and utilize crisis prevention, as most conflicts in developing countries originate from large social and economic disparities. Other priorities are the protection of human rights and equal treatment of women. The religions in the region are also of great significance.

There are about 4,200 religions worldwide that follow many different rules, some which are clearly not religious commandments, but instead represent outdated stereotypes. Perhaps the subordinate role of women is due to the fact that most “Gods” are male.

Many interesting contributions (see a copy of the program above) could be heard on this subject. The LAZARUS UNION was also able to express its views on this subject to conference delegates. Our approach was greeted with spontaneous applause on more than a few occasions.

Our president addressed the spiritual high dignitaries with these words (among others):

"... Gentlemen, please consider what would have happened had you not been born in Europe into an environment that has enabled you to grow up as a Catholic and to be familiar from birth with this religion. What would have happened if instead of Europe, you had been born in the Arab world and raised as a Muslim? You would probably be just as good a Muslim as you are now a Catholic. When a baby is born it is completely naked and has no idea of religion and politics. The environment we are born into defines us and determines our future life. At birth, we don't know anything! For this reason, we should not talk of "tolerance", but of "acceptance". We therefore accept everyone in his or her uniqueness ...)

Despite all the setbacks, the conference delegates were optimistic that a significant contribution can be made to world peace through intensive dialogue between religious groups who understand, respect and cooperate with people of all faiths. Nevertheless, the road

ahead will not be easy. The mission statement of the LAZARUS UNION was accepted during the break and was afterwards still hotly debated as a possible solution.

Wars are not caused by religions but by people!

The participation of the LAZARUS UNION at this international conference was another important step in making the LAZARUS UNION known in international circles.

**WORLD INTERFAITH
HARMONY WEEK**

11TH INVESTITURE 2016

A report by Spectator

As our official titular seat Castle Kreuzenstein makes us depend on the weather very much (last year we had to move our investiture on very short notice because of heavy rain) we did not want to take any risk this time and chose the Palais Augarten as location, the official seat of the famous Vienna Boy's Choir. And a wise decision it was. Just like last year two hours after the event commenced it started to rain. Only this time it provided no problem at all!

The Palais Augarten as seat of the Vienna Boy's Choir is an exceptional place and not open to the public normally. But as our president and Grand Master in his youth was a member of the Choir himself, the Lazarus Union was able to use this wonderful setting for its 11th investiture and had an exceptional celebration in these splendid halls.

Exceptional also because the first part of the celebrations consisted of a private concert by the Vienna Boy's Choir for our guests. The first part of this unique concert was dedicated to spiritual music, starting with the eight-part Chorus "Haec Dies". Our president noted in his welcome address that he had to sing this piece also during his first performance with the Vienna Boy's Choir in 1957.

To express our bond with the institution of the Vienna Boy's Choir the board had decided to award the Vienna Boy's Choir the highest possible peace award of the Lazarus Union, the "Cross of Peace with Diamond Star". The Vienna Boy's Choir is the very first institution to receive this exceptional Award.

So in the intermission between the first and second part of the concert the award was presented to the director of the Vienna Boy's

Choir, Prof. Gerald Wirth. Afterwards all boys who participated in the concert were awarded the "Lazarus Medal in Gold" together with a certificate as a souvenir.

To recognise the artistic value personally, the Lazarus Union International Leadership Academy awarded the "Union's Lazarus Cross Grand for science, research and arts" to *Prof. Gerald Wirth* which was presented to him by Lazarus Union President Senator h.c. Wolfgang Steinhardt and the Chair of the Academy's Advisory Committee Univ.Prof.em. Josef Michael Schramm, the "Union's Lazarus Commander's Cross for science, research and arts" to *Dr. Wolfgang Scheidt*, choir mate of our president, assistant of Leonhard Bernstein and Herbert von Karajan, guest conductor of the Vienna Symphony Orchestra, Munich Philharmonic Orchestra, former head conductor of the Istanbul State Opera and more, and the "Union's Lazarus Officer's Cross for science, research and arts" to the chorus director of the Vienna Boy's Choir Hayden Chorus, Mr. *Chi Bun Jimmy Chiang*.

Then more awards were presented to other personalities. The Federal Commander of the Austrian Samariterbund Ambulance Service Mr. *Wolfgang Zimmermann* and Mr. *Leopold Waclawek* received the "Grand Star of the Flame of Mercy of the Lazarus Union" and Mr. *Dir. Erich Lunzer* the "Grand Commander's Star of the Flame of Mercy of the Lazarus Union".

Oberst i.Tr. Alfred Dienstl received the "Grand Cross Special Level of the Union's Lazarus Cross" and finally Mr. *David Oswald Ehn* the "Commander's Cross of the Union's Lazarus Cross".

Congratulations from the Lazarus Union to all those awarded!

The second part of the concert was dedicated to Viennese classical music and after a

thank you address by Prof. Gerald Wirth (who had to leave immediately afterwards as he was catching a plane to accompany the Japan tour of the Vienna Boy's Choir Schubert Chorus) the "Tritsch Tratsch Polka" was a much applauded add-on. Of course we were behind schedule (as always). A Lazarus Union trade-mark.

After a short break to prepare the room for the investiture the ceremonial move-in of the postulants, the Knights of Honour, the sword-bearer, the flag and the chapter of the Knighthood of Honour commenced to the Victory March from Aida. After the fanfare and the report by the protocol officer to our Grand Protector of the Knighthood of Honour BM a.D. Dr. Fasslabend the 11th investiture started officially according to the protocol.

The new banner for our music corps was handed over to deputy bandmaster CSLI Col. Franz Lentner and Banner officer Günther Purker by banner mentor Mrs. Dkfm. Maria Praxl and the Lazarus Union president.

The chorus "Nearer my God to thee" bridged to our remembrance of deceased comrades, especially the recently passed CSLI founding member and CSLI MajGen Host Schöffmann with the song "I had a Comrade".

Afterwards all union officers present traditionally renewed their officer's promise, framed by bugle signals from the "Großer Zapfenstreich" and the Dutch "We Gather Together".

With Händels "Fireworks Music" and the address of the Grand Master the investiture ceremony started.

In his speech the Grand Master addressed especially those parts from our mission statement which refer to "...we pay respect to all people..." and "...oriented at our moral values we accept every person in their own

uniqueness...". This with regard to the fact that there needs to be a firm borderline to what art and satire as well as "free speech" must not lead to, that humans are insulted and disparaged in their personal dignity. This irrespective of the fact that one might disagree with the person in question and probably have a different view or opinion on some issues. Some descriptive examples stressed the necessity of our mission statement especially in these times.

Because of the opening of the world exhibition 2016 in the Turkish city Antalya five of our Turkish brothers and sisters could not participate because of their job duties (three directors of hotels in Antalya and their wives). So according to the statutes their names were made public and the Grand Prefect of the Knighthood of Honour for Turkey Chev. Ludwig Brunner handed over insignia and coats by proxy to the wife of the president of the Austrian Muslim Faith Union Dr. Fuat Sanac. As these Knights and Dames of Honour are muslims their coats will hold a coat of arms with two crossed swords and two crescents instead of crosses. So the Lazarus Union pays absolute respect to other religions. Only when one pays respect to others one is entitled to claim respect for oneself. Because of this officials in Turkey hold the Lazarus Union in great respect. It is always give and take, something which works perfectly within the Lazarus Union. The official investiture and ordainment of Knight Expectants is planned in Antalya/Turkey in Fall 2016.

The Grand Master handed them the sword and the coat after asking the "famous" questions:

"I ask you therefore, before the assembled congregation: Do you of your own free will as

... (here the rank and position to which the candidate is to be commissioned is used) want to belong to our community and accept our mission?" and "Are you aware what it means to be a member of this community?"

The the candidates who answering with ***"I want it with all my heart!"*** and ***"Yes, I am!"***

The Grand Protector Dr. Fasslabend put the Knight's Cross around their neck. After this the Grand Master gave the symbolic accolade and presented the new knight resp. dame to the applauding audience while the fanfare was sounded as a very personal welcome.

The ceremony came to an end with the "Gebet aus dem österreichischen Zapfenstreich" followed by the prayer of the Grand Master (Saint Francis Prayer) together with Pater Stefan Schnitzer OSB.

Our special thanks go to the Vienna Boy's Choir, to our protocol officer CSLI Col. Rudolf Murth for the organisation and the "choreography" of this investiture, as well as the Music Corps and all comrades working onstage and backstage in various jobs to make this 11th investiture of the Lazarus Union Knighthood of Honour a success.

As a final surprise the Vienna Boy's Choir made a final appearance and gave a wonderful performance of "Amazing Grace". After some final words by the Grand Master, final orders from the Grand Protector and the marching out all guests met for the agape in the Vienna Boy's Choir "Christmas rooms".

In total 43 Dames and Knights of Honour of the CSLI Knighthood of Honour, 18 postulants, 27 CSLI officers, NCOs, and enlisted ranks as well as 62 invited guests were present.

INTERNATIONAL MUSIC PARADE 2016

A report by Friedrich Lentner

This month the Music Corps of the Lazarus Union directed by our Excutive Bandleader Friedrich Lentner, who had established the contact, has taken part in Europe's most successful tour marching bands.

Within three days the orchestras had 5 presentations in Würzburg, Kempten and Stuttgart with more than 12.000 visitors.

Next to the Lazarus Union the following bands have taken part: The "United Highland Pipes and Drums" from Scotland, the "Spielmanns- und Fanfarenzug Rückers" from Germany, the "Military Orchestra Tschernigow" from Ukraine, the "Military Orchestra of the National Brigade Nr. 1" from Moldavia, the "Marine Orchestra Pstrong" from Poland and the "Bersaglieri" from Italy.

All these orchestras presented shows with excellent choreography. However the Music Corps of the Lazarus Union had not to hide behind.

It was the second largest orchestra of all participants and so it filled the show area perfectly. Because of several light effects the white uniforms came to retribution very well.

The Music corps got a lot of praise and recognition by other orchestras and the audience. The show program, established by stab leader Her-

bert Partl, was very sophisticated and varied, it was entitled „A Colorful Musical Greeting from Vienna“.

During the show there was no standstill because the musicians moved constantly. One highlight was the singing performance of the soloist Michael Wagner who once again fascinated the audience with his extraordinary voice.

He sang many songs which were related to Vienna and also songs from operettas with a reference to Vienna. The whole hall was in elation at the final in which not only all orchestras took part but also all soloists gave their very best.

Our President Senator Wolfgang Steinhardt who accompanied us and who did not miss any presentation was more than satisfied with his young orchestra and would not have thought it possible to achieve such a great performance within such a short time and with such a low number of orchestra trials.

Because of the success and the enthusiasm of all musicians it is guaranteed that further show appearances will follow.

Therefore the Music Corps of the Lazarus Union showed that it is a welcome guest well beyond the Austrian border as a representative of music from Vienna.

37TH BRASS MUSIC FESTIVAL 2016

A report by Friedrich Lentner

The LAZARUS UNION Music Corps directed by its general bandmaster CSLI Brig. Fritz Lentner was the first Viennese brass band (besides the Austrian Army Guard Band) to show its marching programme at the 37th Austrian Brass Music Festival. This programme was shown before only five times at the German International Music Parade 2016 in Würzburg, Kempten, and Stuttgart. This time they showed up in their new blue full dress. More than 3000 visitors attended the show at the Wiener Rathausplatz.

The 37th Austrian Brass Music Festival 2016 once again was a great success, not only for the LAZARUS UNION. 16 brass bands from all over Austria and South Tyrol played at Vienna's most beautiful places for the people of Vienna and the many international tourists visiting Vienna at this time of the year.

Summit definitely was the deployment of all bands at the Wiener Rathausplatz (the large place in front of Vienna's city hall) and the final concert played by all bands together.

The show interlude by the LAZARUS UNION Music Corps received lots and lots of applause and was definitely able to compete with the other shows. The show programme which was already shown at the German International

Music Parade 2016 in Würzburg, Kempten, and Stuttgart was much applauded in Vienna as well.

From this point of view the week-long rehearsals and trainings really paid up. After all the LAZARUS UNION Music Corps is no professional team and all its members sacrificed their spare time and put in lots of efforts to enable this performance and so present the LAZARUS UNION in an excellent way in front of such a large audience.

For this a heartily "thank you" to all those participating!

Of course a class of its own was the presentation of the band of the Austrian Army Guards. We are very proud indeed of our "partner band", having a friendship treaty with them since 2013.

The mayor of the city of Vienna, represented by the 1st president of the Viennese city council, Prof. Harry Kopietz, after the show invited all participants to a drink in the Wiener Rathauskeller, where many honorary trophies and decrees were handed out.

A wonderful day finally ended with a comradely come-together, it ended way too fast and everybody is really looking forward to next year.

FEAST OF FRIENDSHIP IN STYRIA

A report by Wolfgang Steinhardt

The Marine Fellowship 'Archduke Ferdinand Max' State Command for Styria, attends a Friendship Festival!

We can proudly announce that our Marine Fellowship 'Archduke Ferdinand Max' State Command for Styria (MKEFM LK Styria, for short) was invited by the Austrian Black Cross and ÖKB to be guests of honor at a special ceremony. The Austrian Black Cross (ÖSK) is a non-partisan association dedicated to the establishment, maintenance and preservation of the graves of fallen soldiers and civilian war victims of all nationalities.

At the ceremony veterans of the First World War from Italy and Austria, once enemies, met to commemorate the fallen of this terrible event in a comradely and friendly manner. About 200 members of the Italian 'Nastro Azzurro' (Blue Ribbon) Association had traveled from eight different provinces with their own Band of Music too.

We began our communal commemoration at the military cemetery in Knittelfeld under the leadership of Colonel Dieter Allesch, President of the Styrian Black Cross. Besides hundreds of Austrian soldiers there also rest 108 Italian prisoners of war who died in the Knittelfeld POW camp. Wreaths in memory of all the victims of war were laid accompanied by martial music played by the Italian Band.

On Sunday, 12.6. We celebrated a joint, bilingual service. After this most solemn Holy Mass, commemorative wreaths were also laid in shelter. During the convivial finales on both days we were able not only to make new acquaintances, but also to gain new friends.

The playing of the Austrian and Italian National Anthems by the 'Nastro Azzurro' Military Band ended this impressive meeting.

CHRISES READNESS COACH TRAINING

A report by Bernd Höhle

The Sword of Freedom Corps recently completed a coach training course on crisis readiness. The 15 participants who were active in adult education and also partly in youth education all received extensive training. Maj-Gen. CSLI Bernd Cave (Commander SOF) organized the training at his workplace and crisis management expert Colonel CSLI Danny Koch delivered the instruction.

Prevention is by far the most important aspect of crisis management. In addition to complet-

ing a basic program for emergency preparedness and appropriate action in emergency situations by the Federal Office for Civil Protection and Disaster Assistance, other scenarios and other possible solutions were presented. At the end of the training, the successful participants were given a certificate of completion. The new crisis readiness coaches will now be able to instruct other people and act as multipliers to raise awareness on how to react in emergency situations.

HUMANITARIAN AID FOR PARAGUAY

A report by Bernd Höhle

Although Paraguay has been a popular country of emigration since the 18th century, it is still one of the poorest countries in the world. On behalf of the Children's Fund, SOF board member and Inter-NATIONAL CHILDREN Help (ICH) Ambassador Bernd Cave travelled to Paraguay with filmmaker and fellow ICH ambassador Lutz Bierwirth. In Paraguay we were accompanied by Margarita de Wolf Kreyenberg (a local), as well as an ambassador from the Fundación Etica, and German-born Jan S. von Richter, an interpreter and lawyer. Our business trip took us all across the country from the capital Asuncion to Brazil and Argentina and back again.

In Colonia Independencia, a donated ambulance that was shipped in advance was ceremoniously handed over, it is one of the most modern in Paraguay.

Reception and ceremony by the charity "Fundación Etica"

and the "Universidad Privada del Guaira" in Villarrica. With festive speeches, national anthem, background folk music and honours that followed.

Inauguration of the "Clinica Social" in Villa Rica

The equipment for the dental office was also sent by ship from Germany in advance and included dental chairs, an X-ray machine and other gear. It was installed by local technicians. German lawyer Jan S. Richter, who now lives in Villa Rica, was very happy that his

adopted country now has a functioning X-ray machine.

At the conclusion, there were also a small reception.

Thanks to all donors and sponsors! The SOF / MAA supported the humanitarian mission of the Children's Fund ICH not only financially but also actively.

“GIRL UP” PROJECT NO. 1

A report by Prof.Dr. Antonio Virgili

It was held, from February to March 2016, at the Institute of Higher Education "M. Pagano-Bernini" of Naples the project of the United Nations Foundation "Girl Up", aimed to increase the social and cultural participation of girls and to inform about the problems and discrimination that many women still face in the world today.

The CSLI Italia for some years is spreading and supporting locally the project.

In the project dozens of girls are involved and they will attend short seminars and interactive lessons, held by members of the CSLI Italia, and then develop forms of cultural exchange and information with girls in developing countries.

The implementation relies on the collaboration of LIDU (Italian League of Human Rights), which has an agreement on cooperation and friendship with the CSLI Italia.

“BRAIN CHANGES DURING ADOLESCENCE”

A report by Prof.Dr. Antonio Virgili

The CSLI Italia -Corpo Italiano di San Lazzaro together with Centro Studi Internazionali - CSI and State Institute “M.Pagano”, has organized meetings open to high school students to disclose recent neuroscience studies to raise awareness of their importance for the welfare of the population.

The meetings has been organized within the – **Brain Awareness Week**- the international event promoted by the **Dana Foundation** (USA). The seminar on "**Brain changes during adolescence**" took place on March 17 2016, at the State Institute “M. Pagano”. The speaker, Prof. Antonio Virgili, professor of neurosocial sexology, a clinical reflexologist expert in PNEI, explained to the audience some of the recent developments of applied research and biomedical neuroscience during the past years.

Intended for students aged 14 to 19 years, the meeting addressed the issue of the transfor-

mations occurring in the brain from birth to adolescence. Adolescence, with its rapid physical and psychological changes is a very delicate time for people.

The asynchrony of development, physical and cerebral, determine tensions, anxieties, stress and risk (anorexia, bulimia, risk sexuality, anxiety disorders, etc.) that only correct information can help reduce.

Professor Virgili, explained the many aspects of brain involvement and its asynchronies in everyday life, from biorhythms (nutrition, sleep, menstruation) to the social dimension of the processes of maturation. Sexuality is one of the factors of greatest tension at this stage of the life cycle in industrialized countries for a young population which is considered no longer a child but not yet an adult.

Approximately one hundred students have participated, with interest, at the meeting which lasted about three hours.

WORLD AUTISM AWARENESS DAY 2016

A report by Prof.Dr. Antonio Virgili

The Corpo Italiano di San Lazzaro – CSLI Italia has actively participated in the World Day for Autism on 2nd April 2016 being at two events: prevention and safety service at a public conference to inform families about prevention and therapies for autism; and having a gazebo at a public open air event for autistic children and youths. In both the events the members of Italian Corps, which formed a new operative group of civil protection, were wearing the new operative jackets that complements but does not replace the international official uniform.

The CSLI Italia operative group of civil protection has carried out prevention and safety activity for a public conference on autism, where some of our members have collaborated with the Italian Red Cross volunteers for a better control of security for people attended. They were present at the event, the Mayor, the

Police Commander and administrative authorities and autism psychiatrists and scholars.

The open air event, having entertainment spaces for autistic children and youths, has been attended by many citizens and families. The Italian Corp – CSLI Italia has had an information gazebo to make known its volunteer activities, cultural initiatives and civil protection. Moreover our members walked around the park in which the CSLI had the gazebo to give support if required. The event has been visited by the Mayor and by local government representatives.

So we have shared the words of the UN Secretary-General Ban Ki-moon: *“On this World Autism Awareness Day, I call for advancing the rights of individuals with autism and ensuring their full participation and inclusion as valued members of our diverse human family who can contribute to a future of dignity and opportunity for all.”*

ANNUAL MEETING CSLI POLAND

A report by Pater Gregory Badziag

Twice a year, there is the possibility of a joint meeting in Poland CSLI. This meeting of the pictures held on February 11, 2016 in Warsaw. Meeting place is one of the castles, currently operated by former Polish soldiers. At

this meeting they were present the generals and officers of the CSLI, and those who got nominations. The meeting prepared the body Marynaki War CSLI in Poland.

VEHICLE BLESSING VOLUNTARY FIREBRIGADE WEIKERSDORF

A report by Werner Winkelhofer

On May 1st, 2016, voluntary fire brigade curate Mag. Marius Claudiu Zediu blessed the new logistics vehicle of the voluntary fire brigade Großweikersdorf.

As the voluntary fire brigade Großweikersdorf is a friend organisation of the Lazarus Union, a representative of the Lazarus Union was also invited to join the ceremony.

As president Senator h.c. Wolfgang Steinhardt unfortunately was unavailable, vice president

Ludwig Brunner and his wife accepted this honourable responsibility, shortly introduced the Lazarus Union and handed over some awards.

Mayor Ing. Alois Zetsch was awarded the Lazarus Union Grand Cross.

Assistant Karl Püringer was awarded the Officer's Cross of the UN Cross of Remembrance.
