

LAZARUS UNION command structure

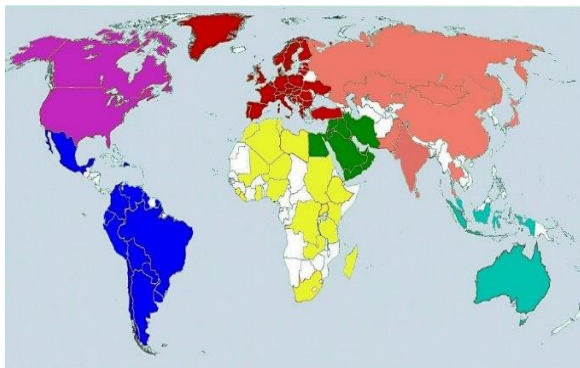

An organization as large and active on a world-wide basis like the LAZARUS UNION needs a clear and manageable command structure. It has to be avoided that the various commands have too many immediate subordinates. This allows for efficient and very personal ties to the immediate staff and delegates responsibility down to the smallest unit.

No commander does have "military authority" in the strict sense. Discipline and cohesion in such a versatile organization is not accomplished by "orders" but by common goals and the promise which binds each officer "... by his honour..."

Every commander is fully responsible for his area and also does have the power to promote his team to a rank one step below his own.

About the actual future ...

Vienna, April 2023

Dear readers of this folder!

In the year 2023 we will continue and complete the reorientation and adjustment of the Lazarus Union to the multiple crises. In the effort to make a contribution, the union aligns itself in the future to the lastingness goals as well as to the global Compact program of the United Nations. This framework gives us the opportunity to implement comparable but also individual programmes and campaigns in all countries where the Union is represented. New tools such as a redesigned homepage, social media accounts and the use of video conferences will also contribute to this.

But all these tools are not a one-way street. Some suggestions will come from the Union Command, but we also ask all country commands, group members and individual members to become active themselves and bring in suggestions.

In future, proposals for selected days of action - whether as graphic campaigns or concrete event proposals - will be prepared and distributed by the General Secretariat at the appropriate time.

As pilot project for the field work 2023 in Uganda & Kenya projects are implemented, which convert this requirement also into practice. The Lazarus union is a comparatively small NGO but it enjoys general adviser status with the United Nations.

This gives us the opportunity to recognise problems, to name them, to point them out and to create awareness, and thus to take a share in the solution. So I am in good spirits for the new year, knowing that we can achieve great things.

In doing so, let us preserve what defines us: our connectedness with each other!

Sincerely Yours and have fun if you read this folder

General Plenipotentiary of the Lazarus Union

United Nations – ECOSOC

The Lazarus Union as registered and recognized NGO - Non Governmental Organization, Reg.no. (=Profile Code) 632158) is proud that the Lazarus Union in the year 2014 the "SPECIAL CONSULTATIVE STATUS" (=Special adviser status) with the ECOSOC (Economic and Social Council) of the United Nations was awarded.

A high honour and honor for the Lazarus Union itself in addition, for all members, who made this success possible. In June 2019 the status was increased and the Lazarus Union was appointed as 138th NGO in the over 70-year history of the United Nations to the "general adviser".

The award of the "general adviser status" in 2019 is now not only a further challenge for the Lazarus Union to prove itself internationally, but means also a special obligation to support and promote the goals and the spirit of the United Nations after best forces.

"...the Lazarus Union stands for international understanding and world peace. It advocates human and children's rights as well as justice and equal rights and feels obligated to the values of the United Nations..."
